Annual Catalog

STERLING

1873-1936

COUNTESS VANDAL (Plant Pat. No. 38)
Most popular rose today. If limited to one variety this would be the rose to select.
Vigorous, hardy.

AMELIA EARHART (Plant Pat. No. 63)
Truly a lovely garden rose, producing a wealth of large fragrant yellow blooms. Free bloomer. Strong grower.

MARY HART (Plant Pat. No. 18) A superb dark red rose. Excellent for cutting. A delightful addition to any garden.

NIGRETTE (Plant Pat. No. 87) The sensation of the European rose world. Darkest of all roses. Blooms medium sized, fragrant.

TO MY FRIENDS AND CUSTOMERS:

Please accept this, my catalog for season of 1936 with my best wishes for the New Year and with thanks for your much appreciated patronage of last year.

We do appreciate your confidence in us and assure you that we will do everything possible to deserve it in the future. Wishing you and yours a Happy, Prosperous and Successful Year.

Yours sincerely,

RALPH W. STERLING.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz., and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE:—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one will you kindly pass it on to someone interested. Thank you.

NOTICE—I do not warrant in any way, express or implied, the description, quality, productiveness, or any other matter pertaining to any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop.

However, all complaints are carefully looked into and I try to adjust them satisfactorily to all.

Suffolk Co.

Aug. 26th, 1936.

From 2 bu. of Sterling Fordhook Bush Limas that I planted early, I shipped 350 bags of nice beans which sold for \$1.75 to \$2.00 per bag. Had a few light spots in the field or I would have picked at least 450 bags. I never saw Limas yield so well.

GEO. BERKOSKI.

Suffolk Co.

Jan. 17th., 1936.

I planted 4 acres of Sterling Lima Beans after hay and shipped enough beans to bring home over \$2,000.00. They yielded well and sold for top prices.

PEAS

The RADIO, BLUE BANTAM, LITTLE MARVEL, WYOMING WONDER, CARTER'S DAISY and TELEPHONE are the gardener's favorites for table use and for canning. Sow these six kinds together and they will follow each other through the season.

Easy Money, Gradus, Thomas Laxton and Laxton Progress are the four kinds used for market. The prices quoted below for bushel lots are cash prices. Add 50 cents per bushel for time. Even though Peas do not pay as a market crop, the vines make fine green manure for Cauliflower or Brussels Sprouts.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice.

Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover use 15 to 20 Lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

All our Clover and Alfalfa Seed is grown in the North West.

Special prices on bag lots. Ask us about them.

LAWN MAKING

Our Lawn Grass Seed is exactly what we represent, recleaned and free from weeds, and we sell many hundred pounds all over Long Island.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal, V. C. Fairway or a commercial fertilizer. Use three inches of top soil or humus if too light.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed, if moisture is sufficient.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

We will do your grading and seeding for you at a very reasonable cost. We would appreciate a chance to figure on your job.

RIVERHEAD GARDEN CLUB

Riverhead, New York

November 6, '35.

Dear Mr. Sterling:

The specimen chrysanthemums that you so generously gave to our Garden Club on October 28th were greatly appreciated.

They were splendid.

We realize that you spent much time selecting and marking them. It made our meeting more interesting by having them fixed that way.

Mrs. R. Griffing, the chairman, highly commended your flower stock, at the meeting.

Thank you ever so much for sending them, Mr. Sterling.

Sincerely,

ALICE P. LUCE,
President R.G.C.

REAL ESTATE DEPARTMENT

Since March 1st, 1934 I have sold or contracted to sell more than 30 lots and plots, the most of them with water front.

I have many more very choice ones to sell and can give you as good or better value for your money as can be secured anywhere, when you consider location, nearness to bays and creeks where the fishing, crabbing, clamping, boating and bathing are unexcelled. The creeks are filled with oysters now, of wonderful quality, free for the picking up. If you want proof of the attractiveness of this location ask some of the people who have bought of me. I will be pleased to furnish anyone interested with their names and addresses.

NASSAU FARMS

A 60-acre development of my own, overlooking Little and Great Peconic Bays and lying between Baldwin's Creek on the west and Little Creek on the east. I have many beautiful lots bordering these creeks or with free access to them and to the bay.

There are 10 nice homes already built at Nassau Farms and several more contemplated in the Spring.

Lots on the water average about 70 ft. in frontage and about 250 ft. deep and are priced very reasonable.

Lots on Pine Tree Road, Sterling Road and Lilac Lane are good sized lots and priced at lower figures.

There are ten 1½-acre plots on Horton Road with Bittersweet Lane running through them to the creek.

A 4½-acre plot with 200 ft. frontage on Baldwin's Creek and wide frontage on Bay Avenue.

A 5-acre plot with a tangled fresh water pond where black ducks breed.

A 7½-acre tract with a large pond on it with island and bridge.

A 5-acre plot with 70 ft. frontage on road and 20 ft. on creek.

All priced at very conservative prices.

A large map showing location, size and price of all the above lots and plots can be had for the asking.

HURRICANE HALL

The old Horton House, built over 200 years ago, has been remodeled and is ready for occupancy.

The house contains kitchen, pantry, dining room, living room, lavatory, entrance hall and many closets down stairs, and three bedrooms with large closets and a bathroom up stairs. All the rooms are bright, attractive and cool in the summer.

There is a cellar equipped with electric pump, pressure tank, hot water tank and stove. The house is wired for electricity. A large stone fireplace is in the living room.

Would be pleased to show anyone who is interested in old houses around.

This house can be bought with from ½ acre of land up to 6½ acres as desired with little or much water front. Priced very reasonable.

SUNSET BLUFF

One large lot located on the northwest corner of Nassau Point. This lot has 150 ft. frontage on a good channel connecting with Peconic Bay. It is over 600 ft. deep and is covered with large oak trees and some pines. It is a very beautiful lot with a fine view of Peconic Bay, Fleet's Neck and all the creeks and inlets to the north. Priced very reasonable and good terms can be arranged. The other six lots at Sunset Bluff have been sold. Three nice houses are already built, and there is the promise of one more soon.

STERLING INLET

Two large lots at Nassau Point fronting on a channel leading into Wunnewetta Pond and from there into Peconic Bay. Each lot has about 100 ft. frontage on the water and a depth of over 300 ft. Covered with oak trees and a small pond in the center of the plot. This could be landscaped very interestingly.

Each lot has a good location for a house and there is a shell road across the south side of the plot. Prices very reasonable and good terms can be arranged.

CARRINGTON PARK

Four large lots at Nassau Point, each having more than 100 ft. frontage on Little Peconic Bay Road. These lots are well wooded, high and cool and are only a few feet from a road leading directly to Wunnewetta Pond. Here is a good harbor for boats and a direct channel to Peconic Bay.

The road leading to the Cove is very near here where there is very good bathing and boating.

The first lot sold at Carrington Park will be priced very low so now is your chance to pick up a good lot in a restricted neighborhood for little money.

BRIAR PATCH

Lots as low as \$200 each in this development on Eugene's Creek. Have one large lot on the water at a greatly reduced price. Other lots priced to sell.

Would be pleased to show anyone interested any of the above described lots, and convince you that you can get full value for your money of me.

I have a Real Estate Broker's license and have many fine properties listed for sale.

Water front lots on the Bay, Sound and Creeks, some with attractive houses on them. Also acreage, farms, both large and small. Let me know your needs.

A few of the properties I have listed for sale:-

Bungalow on the water, 6 rooms and bath. Electricity, fireplace, fine view. Cool. Priced right for quick sale. Terms.

New Bungalow, 6 bedrooms, kitchen, dining room, large living room and bath. Fireplace, electricity, fine view, faces south always cool. Only a few steps to the best bathing beach around. Priced very reasonable. This bungalow could be purchased with from 100 to 400 ft. frontage on Bay Ave. and 200 ft. or more depth. If you want a fine house with a large park, here is your chance to get one right.

House at Fleet's Neck. Newly remodeled. Kitchen, living room, two bedrooms and bath. Large porch with fine view. Good frontage on the water. Faces northwest.

Two large houses on New Suffolk Lane. Suitable for taking lodgers or boarders. New Suffolk is headquarters for the fishermen in Spring and Summer. Bargain prices on these.

40-acre Potato Farm. Good soil, good buildings, wide frontage on concrete road and another town road. Priced at \$375.00 per acre.

25-acre Potato Farm. 18 acres good potato land, some wood land. Large house and barn. Priced at about \$320.00 per acre. Good terms could be arranged.

22-acre Potato Farm. All good soil. Wide frontage on Town road. New house with 6 rooms and bath. Good barn. Priced reasonable.

700 ft. on L. I. Sound. About 5 acres, nice and high. Wonderful view, good soil. Any reasonable offer considered.

Bungalow on Deep Hole Creek. 4 rooms and bath. Large screened porch. Electric lights. Good channel to Peconic Bay. Priced very reasonable.

17-acre Farm on Route 25. Wide frontage, large house, barn and other outbuildings. Priced reasonable.

Have other farms and properties listed. Would be pleased to receive your inquiries when in the market.

HURRICANE HALL

Imagine living in a home which was well along in years when the Declaration of Independence was signed and yet is as modern as next year's motorcar!

The Seventeenth Century and the Twentieth Century meet in architectural harmony in just such a dwelling. It is one of Cutchogue's oldest houses and yet one of its most modern. Its ceilings are supported by hand-hewn beams of oak, yet it contains built-in ironing boards and china closets.

This home, combining the quaintness and charm of early colonial building with the convenience and modernity of present-day design, is located on the shores of Baldwin's Creek at Peconic. A sign creaking on a standard among giant trees in the front yard informs the visitor that he is approaching "Hurricane Hall."

The name, according to Ralph W. Sterling, owner of the property and the sixty-odd surrounding acres lying between Baldwin's Creek and Little Creek, is derived from the circular hallway which is the architectural feature of the structure. People came from far and wide, a hundred years ago, to see this unique foyer.

The original house, Mr. Sterling's inquiries have revealed, was built around 1700 by William Wells, second in the long line of Wells, who have borne that surname. The family owned immense tracts of land in and about Cutchogue, and the stout dwelling remained in their possession until 1812 when Barnabas Horton, who had married Mehitablet Wells, took title. He made a number of changes, creating, among other things, the "Hurricane Hall," through the center of the house.

Descendants of Barnabas lived in the house and farmed its lands for many years, the family retaining possession until 1920. Then followed a succession of owners and in 1934 Mr. Sterling purchased the property for development.

His first step was to rebuild "Hurricane Hall," then in a sad state of disrepair after standing vacant for several years. He moved the 230-year structure to a new site on higher ground overlooking Baldwin's Creek and commanding a view of Peconic Bay. An experienced builder was entrusted with the delicate and expensive task of modernizing the ancient structure and converting it into a modern, livable and attractive home. Retaining the best features of the old and using the stout, oaken beams which formed the original framework, he created a spacious and pleasant six-room home anybody would be proud to own.
